This is a great antenna for today's size and style vehicles, with two different lengths 36" or the 60.5 "

WILSON W5000 MAGNETIC MOUNT CB
ANTENNA

If magnet mounts antennas had their own Super Bowl, this is the rig that would come home with the ring. The Wilson 5000 Magnet is a convenient, reliable and best-in-class antenna, with a unique floating coil designed to withstand severe weather and endure winter icing. This mag will stay put at highway speeds, an ideal choice for cars, trucks or commercial use. Rated for 5,000 watts AM and 20,000 SSB, this rig can handle serious, high-powered radios. Touchdown, Wilson!
